

Centre Stage is a truly great place to get your hair sorted out. Mine is really difficult, sticking out at all angles & a boring basic color. Emerging from CS, I always feel a million dollars. Not only this, but I also have two boys with odd hair, both of whom have always said that Sam's the best.

I'm delighted to recommend CS to you. Go there and you'll be amazed at what they can do. You'll have a good laugh, a

decent cup of coffee, a relaxing & pampering time and a very good hair-do.

Don't delay — go today!
